

**Important Information
for Contact Lens
Wearers**

Guidelines before surgery

If you are a contact lens wearer, please remove your lenses prior to your refractive surgery evaluation appointment using the following guidelines

Minimum of 3 Days Prior to Appointment

All soft daily wear and extended wear lenses

2 Weeks Prior to Appointment

All gas permeable hard lenses

Note: *After your refractive surgery evaluation, if you wear soft extended wear lenses you may resume wearing your lenses up to 1 week prior to your surgery. You may not exceed 12 hours per day.*
